Contents :

Numerical Analysis on the Correlation between Wind Flow and Temperature Variation in High-Rise Apartment <i>Naining Liu, Young-Gil Lee, Jin-Do Chung</i>	01-05
Catalytic Wet Oxidation of Phenol on Supported Platinum Catalysts <i>Dul-Sun Kim, Dong-Keun Lee</i>	06-11
Obtaining Hydrocarbon Rich Bio-Oil Via Catalytic Co-Pyrolysis of Plastic Wastes And Spirulina Sp. Microalgae <i>Gamze Özçakir, Ali Karaduman</i>	12-22
A Study on the Characteristics of Cow Manure Drying and Combustion <i>Naining Liu, Seung-Hwan Lim, Jin-Do Chung</i>	24-29
Effective treatment of municipal wastewater for reuse as agricultural water with a specially designed aerated constructed wetland <i>Dul-Sun Kim, Dong-Keun Lee</i>	30-36
The Influence of New Phonon Branches on Spinodal Decomposition of Solid Solutions <i>A.Yu. Maslov, O.V. Proshina</i>	37-40
Blood Organ Donation Management System Using Android <i>Rohini Mundhe, Shubham Newaskar, Prof. Sheetal Jadhav</i>	41-44
IoT Devices Communication Need of Listener for IoT Device Communication <i>Indrajeet</i>	45-49
Numerical Study on the NOx Control in Municipal Solid Waste Incinerator by Direct Spray of Food Wastewater <i>Jingmei Jin, Sunghoo Kim, Jin-Do Chung</i>	50-59
Empirical analysis of the effect of recommended advertisements on social media platform <i>Wang Yibo, Cui Xin, Li He, Li Ran, Zhang Yuzhuo, Chang Xiaolin</i>	60-70
