

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 8 ~ Issue : 12

p-ISSN : 2320-9356

## Contents :

Brazilian Coastal Region Modeling with WRF/SMOKE/ CMAQ and Atmospheric Parameter Measurement Validation with Radio Probing, Sodar and Lidar	01-15
Experimental Analysis and Optimization of Process Parameters on Weld Characteristics of SS 410 Using TIG Welding	16-25
A Descriptive Researchon Human Emotion Recognition Using CNN Algorithm	26-32
Biodiversity and Traditional Medicine Conservation	33-35
Bibliometric Analysis and Visualization of College Students' Entrepreneurial Psychology Research Based on VOSviewer Software	36-43
PROPOSED THEME- Forest Laws in India - Policy and Assessment	44-47
A review on polycystic ovarian syndrome	48-52
Case Study on Stability Analysis of Highwall Mining in India by using Combined Finite Element Modelling and Statistical Approach	53-64
Androeye: For Visually Impaired People	65-68
