

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 9 ~ Issue : 1 ~ Ser.-3

p-ISSN : 2320-9356

Contents :

Temperature variation of anharmonic properties of Thorium Sulphide	01-05
A Review Paper on Optimization of Engine oil Pressure After Overhauling in HINO 6DTI Engine	06-09
Microscopic Analysis of Unsignalized Intersections in Heterogenous Traffic Conditions	10-12
Evaluation of Cyber Threats in Social Networking Websites	13-18
Site Selection of Solar Thermal Plant in Gujarat	19-22
Evaluation of in vivo Wound healing activity of Jasminum angustifolium linn on excision wound model in rats	23-25
Synthesis of new methylenedioxybenzylpiperazine analogues of flavones as potent antibacterial agents	26-31
A Study On Technique Of Modification Of Teacher's Behaviour	32-36
The Smart Building	37-46
A Review On Good Urban Governance And Its Challenges In Urban Development	47-50
Challenges and Prospects of Sustainable & Affordable Housing	51-56
An Overview of Industrial Revolution and Technology of Industrial 4.0	64-71
A Case Study on the Urban Mass Transit System and Sustainable Development in India	72-75
Influence of Metakaolin on the Behaviour of Hybrid Fibre Reinforced Concrete	76-84
