Volume : 10 ~ Issue : 10 ~ Ser. 2

p-ISSN : 2320-9356

Contents :

An Experimental Study on Use of Gypsum Powder and Agro Waste As Panel For Noise Insulation	146-155
SRF-PLL synchronized and Lyapunov based controller for 3-phase shunt active power filter	156-166
Autonomous Street Lighting System Based on Solar Energy and LED'S	167-179
Study of fuel efficiency and vehicle exhaust emissions with the addition of Pertamina Hot Steam Additives	180-189
Preview for the investigation of High-Level Causeway at Naved-Darapur Road	190-194
A Review Paper on Analysis of Fertilization by using Fertirobot	195-199
An Experimental Study on Strength Characteristics of M40 Grade Concrete by Partial Replacement of OPC by Red Mud and Hydrated Lime	200-211
Flavonoids as a natural " DYE/PERMANENT INK "	212-213
TITLE	214-225
Enhancing similarity-Based Web Service Recommendations Using Collaborative Filtering	226-231
Need for Remedial Teaching in Secondary Level Mathematics Learning	232-234
A Study of Dynamic Cabin Loading Based on Modelica	235-242
Augmented Reality in Engineering Graphics	243-250
Study on mechanical properties of cast-in-place pile ring beam joints	251-256
Comparison of Vocal Hygiene Awareness among Male Pastors and Female Pastors in Kerala	257-268
