

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 10 ~ Ser. 6

p-ISSN : 2320-9356

Contents :

Over-Current Relay Tripping Coordination in A Power System With High Level Of Distributed Generation (Dg) Considering Islanding Mode	593-601
Awareness on Hazardous Noise, Importance of Ear Protective Devices and Safety among Carpenters in Kerala	602-607
Estimating Shiftunder Linex Loss in Exponentiated Inverted Weibull Distribution	608-614
Development of Gasket Sheet From Groundnut Shell Composite For Medium Temperature Application	615-625
Study on nonlinear aeroelastic response of a all-moving rudder surface	626-631
A Study on Delegated Legislation With Reference To Indian Judiciary	632-636
Research on the Construction of University Computer Course Based on Blended Teaching	637-640
Antibacterial activity of some Transition Metal Amide Complexes	641-647
Public Perception of Food Safety and Standard	648-654
Distinctly Productive Eco-Friendly Corrosion Inhibitor for Mild Steel In Acidic Mixtureunder Different Conditions: Experimental Study	655-664
Synthesis and Investigation of Liquid Crystalline Property of a New Thermotropic Liquid Crystalline System with Terminal Chloro Group and DSC study	665-680
The role of health professionals in the treatment and monitoring of patients with diabetic foot: Literature review	681-689
Experimental Investigation of NOx Reduction in Biodiesel Blends	690-698
