

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 4

p-ISSN : 2320-9356

Contents :

Health Monitoring System by Using Iot	01-05
Analysis on Energy Scavenging From Roads	06-11
Enhanced Adsorption Studies of Synthetic Dyes From Aqueous Solution By Polyaniline - Nickel Ferrite Composites And Its Conductivity Studies	12-18
Online Charity Management System	19-22
Performance & Thermal Analysis of Coal and Waste Cotton Oil Liquid Obtained By Pyrolysis Fuel in Diesel Engine	23-31
Analysis of Finding Potential Bprowers Using Machine Learning Algorithm	32-36
Examination of consolidated impact of spout opening strain of a WVO fuelled diesel motor with nanoadditives SiO ₂ and MgO	37-42
Death of the author by "Roland Barthes" - Critical Evaluation	43-45
Conceptual Design of Super-Scooper Fire-fighting Aircraft with Virtual Reality System	46-54
Work Life Balance – An Enigma for women employees in Indian Scenario?	55-60
Impact of Interazonal Soils on Biota and Discontinuous distribution of plant communities: A Geographical View	61-64
Research on the application of BIM technology in the whole process cost management of construction engineering	65-70
