e-ISSN : 2320-9364

Volume : 10 ~ Issue : 4 ~ Ser. 4

p-ISSN : 2320-9356

## Contents :

SMS Based LPG Gas Leakage Detection System Using GSM	01-07
A Study on Different Combinations of Shear Walls Using ETABS	08-14
Literally Survey on Cyber Attack Security and various algorithm	15-17
Robotics Engeneering	18-22
Evaluation of the Effects of Treatment of Normal Albino Wistar Rats with Ethanol leaves extract of <i>Mangifera indica</i> and <i>Gongronema latifolium</i> on the Lipid Profile	23-27
Design and Fabricaton of Wind Turbine Blade By Using Composite Material	36-43
Increase in Sigma Level Using DMAIC Approach to Reduce Rejection in Production Environment: A Case Study of Large Scale Jaipur Based Bearing Manufacturing Company	44-51
Development of an NCAM Motorized Reciprocating Dewatered Cassava Mash Sifter	52-57
Simulation of Co-Operative UAV Using Neighborhood Optimization	58-74
Comparative Response of Mid-Rise Base-Isolated and Conventional Steel Moment Resisting Frame	75-81
Deep Drawing Analysis of Sheet Metal with Different Materials by Using Ansys	82-87
A brief Review: Mineral Isotopes	88-92
