

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 4 ~ Ser. 5

p-ISSN : 2320-9356

## Contents :

Artificial Intelligence- College Inquiry System	01-04
Data Value Mining: A Case Study of Airline Customer Data	05-13
Introduction of Cloud Computing	14-19
Biochemic Studies of Methane Formation and Distillery Effluents	20-26
Design and analysis of Wind Turbine Blade A Review	27-30
Design and Construction of an Underwater Robot	31-36
Face Mask Detection Using Machine Learning	37-42
Review Paper of Solar Bike	43-46
Review of repair and rehabilitation in RCC buildings	47-54
Blockchain as a solution for transparency in food supply chain	55-58
Proposal for salivary auto-transplantation as a probiotic against radiation-induced stomatitis	59-72
A Novel DFIG Based Wind-Energy Conversion System with Dynamic Voltage Restorer and Energy Storage System	73-81
Location Based Garbage Management System for Smart City	82-92
Face Recognition System	93-98
