

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 4 ~ Ser. 7

p-ISSN : 2320-9356

Contents :

Electromagnetic Braking System	01-08
Social Distance Analyzer	09-16
Constant ratio of cosmological constant and energy density in FRW bulk viscous cosmological models	17-19
Detection of Skin Cancer Using Deep Learning and Image Processing Technique	20-23
Internet of Things in Virtual Doctor Robot	24-26
Effect of Pumpkin seeds on the Sensory Attributes of Ready-to-Eat (RTE) Functional Paneer Burfi	27-30
Irrregularities in RC Framed Buildings- A Review	31-37
Mineral Interactions with Other Nutrients	38-42
Antioxidants and Their Relationship with Aging	43-45
Comparative study of Anticorrosion potential of stem extract from Calotropis procera in different solvents	46-54
Design and Implementation of Real time solar power energy monitoring system using IOT	55-58
Development of Solar Vehicle	59-62
Biography of Allamah Faizul Hasan Al Saharanpuri	63-65
Shuttling Metro Train between Stations	66-70
Performance evaluation of an innovative configuration of the desiccant dehumidifier with a silica gel-based composite with Al ₂ O ₃ nanoparticles for adsorption air conditioners	71-78
A Review on Fire Damaged Cement and Geopolymer Slabs Retrofitted with BFRP Laminates	79-84
