

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 5 ~ Ser. 2

p-ISSN : 2320-9356

## Contents :

Review of Cough Classification for COVID-19	01-05
Electricity Generate By Waste Material with Reducing Air Pollution	06-08
Automatic Pipe feeding & cutting machine	09-12
A Review on Offshore Renewable Energies	13-17
Piezoelectric Energy Generation from Vehicle Traffic	18-21
Effect of air pollution on climate	22-25
Research on Air Quality Index: A Comparative Study to Determine Air Quality	26-34
Digital Marketing Vs. Traditional Marketing- A Comparative View	35-38
Study on effect of Cissampelos pariera Linn. on glycaemic control and changes in islet morphology of hyperglycemic rats	39-48
Underwater Image Enhancement Algorithm for Dehazing	49-55
Durability Characteristics of Reinforced Concrete Subjected To Synthetic Acid Rain	56-59
A Review Paper on Experimental Investigation of Corn Shelling Machine	60-63
Optimized Hand Gesture Based Home Automation For Feebles	64-67
Process Validation of Tablets	68-73
Blockchain Based E-Voting System	74-76
An Analysis on the Gender Pay Gap for the Working Women With Reference To Equal Remuneration Act	77-82
Critical Study And Analysis Of Judgment Of Supreme Court In The State Of Uttarakhand Vs Mohammad SALIM And Ors(2018) On The Issue Of Conferring Legal Status To Non Living Things Like Rivers	83-88
Automated Medical Bed Chair	89-93
