e-ISSN : 2320-9364

Volume : 10 ~ Issue : 6 ~ Ser. 11

p-ISSN : 2320-9356

Contents :

Emotion Detection Using Facial and Audio Features Using ResNet50 and CNN	968-974
Detecting Impersonators in Examination Centers	975-978
Implementation of VSM in Disaster Resilience Construction Projects	979-985
Hand Gesture Analyzing and Speaking System for Mute People	986-991
Classification and Detection of Melanoma Skin Cancer Using Image Processing	992-996
Implementation Paper of Early Detection of Alzheimer's using PET scan	997-1001
Automatic Temperature Detection for Safety Entrance	1002-1005
Artificial Intelligence for Cyber Security: A Systematic Mapping of Literature	1006-1010
Mass Matrix of 2-D Pipe Elbow Element	1011-1018
Interactive Computer Using Open CV	1019-1025
Human factor helps in Increasing the effect of Total Quality Management (TQM) on Industry	1026-1030
Optimization of Tensile Strength of Hybrid Composites by Using Taguchi (ANOVA)	1031-1036
A Review on Feasibility and Performance Analysis of Grid Connected Solar Photovoltaic Power Plants in India	1037-1044
Deep Facial Diagnosis: Deep Transfer Learning from Face Recognition to Facial Diagnosis	1045-1051
Optomizing the visual outcomes with toric intraocular lenses	1052-1056
Arduino Based Solar Tracking System	1057-1059
Synthesis, Characterization, Antimicrobial, Antioxidant and Anticancer Activity of Silver Nanoparticles of Euphorbia Thymifolia	1060-1073
