

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 6 ~ Ser. 14

p-ISSN : 2320-9356

## Contents :

Expatriates Management	1267-1288
Smart Agriculture Recommender System Using Deep Learning	1289-1293
Selenium Automation Testing Tool: A full-scale Review	1294-1298
Application of Soham Transform in Newtons Law of Cooling	1299-1303
Online Shopping System with Targeted Advertisement Using Token and Encrypted Feedback	1304-1306
Resend Trend of E-Health Acquisition, Transmission & Monitoring System	1307-1310
CNC X-Y PLOTTER	1311-1332
Design and Implementation of Water TDS Monitoring and Control System Using IOT	1333-1336
Data Modelling for Effective Disaster Rehabilitation using Tweets	1337-1342
Prevention and Suppression of Cyberbullying Using Machine Learning	1343-1348
Fraud News Identification Using NLP	1349-1352
Knowledge-Based Approach to Detect Potentially Risky Websites	1353-1357
Bike Riders Unusual Behaviour Detection System Using Haar Cascade Algorithm	1358-1364
Secure Bank Transactions Using Facial Recognition	1365-1368
Power Optimization Scheme for Electrical Vehicle by Using Fuzzy Logic Control of Induction Motor	1369-1375
Electronic Protection for Exam Paper Leakage Using Arduino Uno	1376-1379
