

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 6 ~ Ser. 16

p-ISSN : 2320-9356

Contents :

Grid-Tied Single Phase Inverter for Renewable Energy Sources	1463-1469
Detection and recognition of healthiness of agricultural plants using image processing	1470-1476
A study on customer relationship Management practices at DhanalAxmi Bank LTD with special references to Palakkad district	1477-1481
An Improved Control Technique for Grid Interactive 4-Phase SRM Driven Solar Powered WPS Using Three Level Boost Converter	1482-1492
Design and Analysis of a Novel High-Gain Dc-Dc Boost Converter with Low Component Count	1493-1504
IOT Based Industrial Automation	1505-1507
Biosynthesis of silver nanoparticles from bacteria and it's application	1508-1520
Techno-Economic Analysis for Various Incremental Deployments of Future 6G-based Mobile Networks	1521-1536
Functions of Annotation and Code Switching Using NLP	1537-1541
An Android Application for Bus Tracking Using GPS and Digital Mapping	1542-1550
Increasing productivity by outsourcing HR Activities	1551-1553
Design of Wireless Medical Monitoring system	1554-1560
Estimation of Food Nutrition using Machine Learning	1561-1564
IOT based Diagnosing of Fault Detection in Power Line Distribution Using Arduino	1565-1570
Palynostratigraphy and Paleoenvironmental Evaluation of V-Well In Y-Field Offshore, Niger Delta Basin Nigeria	1571-1579
