Volume : 10 ~ Issue : 6 ~ Ser. 17

p-ISSN : 2320-9356

Contents :

Monitoring plant health and detection of plant disease using IoT and ML	1580-1588
Highly Scalable MapReduce Application for Sentiment Analysis	1589-1597
Sport Management System With Statistical Analysis	1598-1601
Stroke Disease Prediction System Using Electrography Images	1602-1610
Minimisation of Generation Cost using Particle Swarm Optimization	1611-1616
Virtual Trial Room	1617-1625
IOT Based Smart Stand for LPG Cylinder Monitoring and Safety Enhancement	1626-1629
Intrusion Detection of Imbalanced Network Traffic Based On Ensemble Learning	1630-1635
Analysis of Mixed Strategies for 2p2 Streaming Systems with Buffering	1636-1641
Advanced Municipal E-Governance System	1642-1645
Analysis of Lead Toxicity and Organic contents in Soils under Vegetable Farms in Lagos urban area of Nigeria	1646-1652
Cloud Based Implementation of Farming Web Services	1653-1656
College Automation and Scheduling System Using Cloud	1657-1660
Driver Drowsiness Detection System Using Android Application	1661-1667
IoT-Based Smart Vehicle Parking system using RFID	1668-1671
Smart Energy Meter	1672-1676
Electric Bicycle	1677-1684
