

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 6 ~ Ser. 4

p-ISSN : 2320-9356

Contents :

K-Dimensional Tree using coresets for KNN based Classification	259-261
Design of UWB MIMO Antenna for Diverse Wireless Application	262-266
Investigation of Machine Learning Techniques for Intrusion Detection	267-272
A Study on Investors' Preference Towards Mutual Fund	273-279
Floquet treatment of time dependent Hamiltonian of a gapless Dirac system	280-283
Design of Vedic Mathematics Based On Mac Unit for Power Optimization	284-289
Twitter Sentiment Analysis for Election Prediction	290-298
IOT Based Early Detection and Monitoring Of Parkinson Disease	299-306
Minimizing Traffic Congestion Through Parking System	307-310
RFID-Based Monitoring Vehicle Management Information System with SMS Notification	311-318
Studies on thermal stability of Metal Chelates of Th and Tb metals with p-chlorobenzaldehydethiosemicarbazone	319-321
A Study on the Influence of Service Quality in Customer Satisfaction	322-325
Repair and Rehabilitation of RCC Structures	326-333
The Solar Activities in Climate Change and Major Solar Geomagnetic Activities during Solar Cycle 24	334-338
A Study On Impact Of Health Culture Over The Employee's Productivity	339-342
Experimental Investigation on Heat Transfer and Fluid Flow Phenomena of Arc Shaped Rib with Gaps on the Plate	343-349
