

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 6 ~ Ser. 9

p-ISSN : 2320-9356

Contents :

Online Request Management System for Vehicle Service and Test Drive	744-748
OCR Of Handwritten Forms	749-753
A Smart Real Time Health Monitoring Through Iot	754-757
Seismic Analysis of RCC Structural Building Resting on Sloping Ground with different Building Heights	758-766
NLP Assisted Text Annotation	767-768
Anomaly Detection In Robbery Using A Video Surveillance Survey	769-774
Iot Grounded Design and Implementaion of Industrial Monitoring Structure	775-778
A theoretical Approach Project Management & Planning of Modern Residential Building by using ETABS	779-793
Comparing the antimicrobial properties of medicinal plants	794-818
Advanced Metering Infrastructure Performance Using European Low-Voltage Networks	819-822
Fuzzy Logic Based Smart Home Energy Management System	823-832
Restoring transportation system in hilly areas during peak rainy season	833-840
Iot Based Smart Agriculture System with Dual Axis Solar Tracker	841-845
The Effect Of Machining Parameters On Surface Roughness In The Fully Interrupted Hard Turning Process With Cbn Insert By Taguchi Methods	846-851
A Survey on Network Embedding Cognitive Radio Environment	858-864
