

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 7 ~ Ser. 8

p-ISSN : 2320-9356

Contents :

Exploration of phytochemistry & medicinal approach of <i>Callistemon viminalis</i> : A review	682-685
A Case Study on Water Tank Construction by Ferrocement technology	686-689
Comparative Analysis of Total Station and GPSROMAX 3 in Carrying Out Topographic Mapping.	690-702
Design and Fabrication of Ceiling Fan Blades Cleaner	703-706
A Review Paper on Agricultural Drainage System	707-710
Image Scanner	711-715
Measures To Protect And Preserve Trees On Civil Engineering Construction Sites	716-723
Discussion on the Current Situation and Future Development of China's Cross-border Digital Trade	724-730
Stock Market Research and Analysis	731-747
Comparative study of environmental social consciousness between high secondary level students	748-754
Parkinson's Disease Detection Using Xgboost Classifier Machine Learning	755-759
Improving Life time in Wireless Sensor Networks Using GMD Mathematical model analysis	760-773
Bioinformatics	774-778
Construction of new exactly solved quantum potentials generated from the Quartic powerlaw potential	779-783
A Comparative Study on Regularization Techniques in Convolutional Neural Networks	784-793
Smart and Secured Home Automation System	794-797
