

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 8 ~ Ser. 3

p-ISSN : 2320-9356

Contents :

Identification Of Factory Complaint Grounded On Image Detection: A Comparison Of Deep Learning And Machine Learning Algorithms	211-214
Computer-Aided Design of Synchronous Machine Toolkit (GUI) using MATLAB	215-221
Lead in Earthworms of Vegetable Farms in Peri- urban Lagos: Evidence of Soil Pollution Threatening Soil- based Food Security in Nigeria	222-229
Solar Hybrid Thermal Power Plant: A Future Approach for Energy Sector	230-239
Nifty Stock Price Prediction Using Recurrent Neural Network	240-244
Bottom Long Line profile for demersal fishing in Java Sea Coastal Area (Case Study: Cirebon District)	245-249
Role of Biostatistics in Analysing Public Health	250-255
Practice of improving development effect in ultra-high water cut stage of multilayer sandstone reservoir	256-261
'Turritopsis Dohrnii' A Creature That Could Unlock Immortality?	262-264
Design and CFD Analysis of Francis Turbine	265-273
Warehouse Management Using IOT Sensors	274-292
Research on the Construction of Virtual Teaching and Research Center of Computer Basic Course	293-296
An Assessment of Work- Related Accidents on Construction Sites In Nigeria	297-303
Investigation on Locust Bean Podash with Silica Fume as Partial Replacement of Cement in Concrete Structures	304-309
A Study on Gender Bias of How Men and Women Are Treated Differently In Law And Media	310-319
