

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 8 ~ Ser. 6

p-ISSN : 2320-9356

Contents :

Fake Contextual Information Detection And Removal In E-Commerce Applications	548-555
FEKETE SZEGO Coefficient Inequality of Regular Functions for A Special Class	556-560
Money Management and Option Strategies	561-571
Study on Prefabricated Panel Design By Using Aluminium Extrusion	572-579
Survey Among Adult Individual's Back Belief With Low Back Pain Residing In Ahmedabad	580-583
Floating Solar Power Plant Installation and Indian Overview	584-587
Heat Transfer in Unsteady Power-law Fluid over the Vertical Stretching Cylinder	588-596
Recalibration of deep learning Approach for detection of Abnormality in Chest X-Ray Image	597-601
Using Machine Learning Approaches to Verify the Security of Short URLs	602-611
H2O end owmentpr ediction by applying machine learning techniques	612-621
Study of Miyawaki Forest Method in Reducing Co2 Emission from Concrete Block Production Industry	622-630
Climate Change Mitigation through the Agricultural, Technological, Social, Ethical and Political Responses	631-639
Effect of Bio-fertilizers & Chemical fertilizers on productivity & quality parameters of Wheat: A Review	640-643
The Role Of Safety Leadership In Improving Organization's Safety	644-647
Occupational Safety in Shared Industrial Workplaces	648-651
Noise Sources, Exposure, Health Effect and Conrol in Iron & Steel Foundry	652-655
Health, Safety And Environmental Management Risk Evaluation Strategy: Hazard Matrix Application Case	656-659
Ananalysis of Artificial Leather With Textile Fabric	670-672
Duality for Octonians and Gravity	673-681
Adsorptionstudies of Mn(II) using an effective low cost adsorbent -A comparative study	682-687
