e-ISSN : 2320-9364

Volume : 10 ~ Issue : 9

p-ISSN : 2320-9356

## Contents :

|  |         |
|--|---------|
| Flexible Pavement Structural Evaluation And Pavement Maintenance And Rehabilitation  | 01-07   |
| Comparative Analysis of Multi-Storey Building by Response Spectrum Method and Time History Analysis in Different Seismic Zones | 08-17   |
| An Innovational Safety Perspective For Reliability Assessment Of Fire Extinguisher Considering Multiplicity Events             | 18-21   |
| E-Waste Management And It's Challenges: Lessons To Be Shared Across The World  | 22-34   |
| An Optimization Model to Relocate Ambulance  | 35-39   |
| Online Voting System Using Blockchain Technology   | 40-45   |
| Calculation and Simulation of Single Screw Extruder Metering zone for polypropylene using Ansys Polyflow                       | 46-54   |
| Influence of Foil Thickness and Bump's Height-Pitch Ratio on Airfoil Bearing- an Analytical Approach                           | 55-59   |
| Wear Behaviour of Al6061-B4C-SiC Hybrid Metal Matrix Composites  | 60-69   |
| A Study on Women Role in Agricultural Sector in Thiruvallur District   | 70-77   |
| Secondary education and 3D printing. The case of a technical vocational school in Greece                                       | 78-81   |
| Experimental Study on Effect of Silt content on the Strength of Concrete   | 82-88   |
| Daily Prediction of Short-Term Trends of Crude Oil Prices Using EMD and Bp Neural Network                                      | 89-96   |
| A Novel Credit Card Fraud Detection Based On Ensemble Learning Algorithms  | 97-104  |
| A Simple Policy Update System for Sharing Outsourced Personal Health Records   | 105-114 |
