

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 9 ~ Ser. 4

p-ISSN : 2320-9356

Contents :

Unearthing Non-Revenue Water Management strategies in Commercial Water Utilities in Zambia. The Case of Southern Water and Sanitation Company in Livingstone	367-375
A novel time-based seed generation algorithm by means of a knowledge graph	376-383
Analysis of Performance of Harrison T300 Lathe by Static and Dynamic Testing	384-394
ECG signal Classification using Machine Learning Techniques	395-403
Trajectory Study of Indoor Blind People	404-407
Designing of Implantable Patch Antenna for Human Health Monitoring	408-413
Impact of MGNREGA on Tribal Economy: A Case Study on the Village Chaupahari Jangal	414-419
Study of advantages of Massive MIMO for 5G Communication	420-424
Factors influence the Cost effectiveness in PEB & Conventional Buildings	425-429
Physical properties of 4-n-pentyl-4 -cyanobiphenyl (n=9,10,11,12) under the effect of external field: A DFT study	430-433
Energy Saving and Carbon Reduction Technology Transformation for Biopharmaceutical Industry: Taking Conba Company as an Example	434-438
A survey study on acceptance of spirulina-based beverage mix over malted-health drinks	439-449
An interesting subclass constructed using a new parameter of an already defined class of regular functions and its coefficient inequality	450-453
Comparative Study on the sensory score of soft drink prepared from different type of chhana whey	454-455
Study of Physico-Chemical Parameters and Planktons of Water Samples From Taraori Pond And Karna Lake, Karnal (Haryana)	456-464
