

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 11 ~ Issue : 11 ~ Ser. 2

p-ISSN : 2320-9356

## Contents :

Factors affecting the improvement of the quality of teaching social sciences and humanities at university in the Current digital transformation context in Vietnam	114-116
A Comparison Study on Daylight Performance between Bandar Universiti Masjid and Abijo Masjid	117-134
Designing a model for profile monitoring of the supplier cooperation with risk	135-151
Efficient Utilization of Demolition Waste in Concrete Construction	152-156
On The Soret –Driven Magnetorotatory Thermosolutal Convection (MRTC) Of the Veronis' Type	157-166
Assessment of Groundwater Depletion and its Socioeconomic Impacts in Arid Regions with special reference of Ahmedabad City	167-173
A Hybrid GLCM and Statistical Moments System for Digital Image Forgery Detection	174-183
Navigating Data Privacy Through IT Audits: GDPR, CCPA, and Beyond	184-192
Synthesis, Characterization of substituted 5-(methylthio)- 1-(3-((1-phenyl-1H-1,2,3-triazol-4-yl) methoxy) phenyl)- 1H-tetrazole	193-199
Enhancement in Enviroeconomic Parameters of Active Solar Desalination System Using Nanoparticles	200-205
Modern Mechanism of Image Augmentation	206-211
Flow My Tears, The Policeman Said Novel of Philip K. Dick: Unfolding The Technology Evolution	212-219
Experimental Analysis of properties of Conventional and Light Weight Concrete mixed with Brick and Ceramic Tile Waste	220-229
Multi Level Marketing In India	230-232
Development of Intelligent Applications for Diseases Detection in Pregnant Women	233-239
