This is to confirm that

**Beatrice S.D**

Published following article

Effect of Edible Coating with Raw Materials from Cassava Starch and Yellow Sweet Potato on Physicochemical Changes of Strawberry Fruit (*Fragaria x ananassa* Var. Rosalinda) at Different Storage Temperatures

Volume 11, Issue 5, pp: 437-444

[www.ijres.org](http://www.ijres.org)

**A Peer Reviewed referred Journal**

**Impact Factor : 7.52**

**International Journal of Research in Engineering and  
Science (IJRES)**

**ISSN: 2320-9364 IJRES is Peer Reviewed Refereed.**

**Editor-In-Chief**
