

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 11 ~ Issue : 06 ~ Ser. 6

p-ISSN : 2320-9356

Contents :

Conversational Chatbot Powered by Artificial Intelligence for Banks	540-551
Design and Analysis of Engine Inlet Manifold	552-560
Review on Feasibility of Fibre Reinforced Foamed Concrete Block	561-564
The Effect of the air change rates on the deposition rate of particles matter in the room	565-568
Variations in Electrode Shape and Fuel Variation on Motorcycle Bike Power and Top Speed	569-575
Effect of Quickbooks Systems on financial Performance among the Small and Medium Enterprises in Bungoma County, Kenya	576-591
An Analytical Study of Active Solar Still Incorporated CPC Collector	592-600
Dynamic Flow and Attributes of Knowledge	601-608
Brain Tumor Detection from MRI Images based on Cellular Neural Network and Firefly Algorithm	609-618
Research Commentary: Evidence-based community model improving quality of life of an Ageing population in Pakistan	619-624
Sensor Based Hardware Implementation of Vehicle Accident Detection System	625-629
Tactile Internet of Everything and New Applications	630-634
Experimental Study to Reduce Carbonation Effect on Concrete	635-640
