

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 11 ~ Issue : 09 ~ Ser. 2

p-ISSN : 2320-9356

Contents :

Environmental Impacts of Cage Culture in Lake Victoria, Kenya	104-109
Examination of the factors affecting apple yield in Benalux countries with Panel Data Analysis	110-114
Comparative Fracture Analysis Of Concrete using LEBM (Linear Elastic Brittle Model)	115-127
Capstone Archiving Management System with Citation and Reference Generator	128-133
A Review of the Physicochemical Approach to the Analysis of 2-Thiohydantoin	134-143
Force Field Calculations for 5-Amino-2- Fluoro- and 5-Amino-2- Chloro Benzotrifluorides	144-154
Assessment Of Groundwater Quality For Drinking Use In Bichiya River Sub Basin Area, Rewa Region, Madhya Pradesh, India	155-162
A Deep Learning Based Arrhythmia Detection in Iot Wearable Healthcare System	163-166
Design of Secured Wireless Iot Network for Industrial Data Communication	167-170
Artificial Intelligent Based Electric Vehicle Monitoring System Using IOT	171-174
Design and Implementation of IOT-Based Smart Healthcare Data Communication System	175-178
Implementation of Fuzzy Logic Controller for Oxygen Control In Aquaculture Using Dissolved Oxygen	179-182
Analysis of Real -Time Operating System for Autonomous Vehicles	183-185
Implementation of an Adaptive Real-Time Weather Forecasting System Using Real-Time Operating System	186-188
Development of Industrial Process Monitoring System Using A Lora Mesh Network	189-191
