

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 12 ~ Issue : 02 ~ Ser. 2

p-ISSN : 2320-9356

## Contents :

Artificial Neural Network-Based Image Noise Identification	104-110
Index-Based Assessment Employing Keyword Extraction Technique	111-115
IoT-driven Combat Robot	116-120
Research Area of Cloud Computing For Next Generation of Computing	121-123
The Role of Artificial Intelligence in Streamlining Financial Transactions: Discuss AI's impact on automating and enhancing financial processes	124-127
Evolutionary game analysis of second-hand book recycling based on the digital support platform	128-134
Strength Behavior of Cohesive Soil Reinforced with Portland Limestone Cement and Palm Oil Fuel Ash	135-139
6 FEBRUARY 2023 KAHRAMANMARA (PAZARCIK, Mw:7.7 and ELB STAN, Mw:7.6) and SAMANDA (Mw:6.3) EARTHQUAKES, SE TÜRKYE	140-147
Evaluation of the Effect of Probiotic Consumption on Gastrointestinal Symptoms among Adults Aged 30-60 Attending a Private Nutrition and Diet Center in Trabzon	148-155
Pruned VoRTX for lightweight 3D indoor scene reconstruction method	156-166
Comparative studies on extraction of natural perfume from some aromatic plants found in Akola	167-176
Smart Design for Optimizing Large-Scale Data Center Maintenance Scheduling	177-181
Analysis of Optimal Strategies under Multiple Auction Mechanisms	182-195
Research on the Construction of Discrete Mathematics, a New Form of Integrated Media Textbook	196-199
A Review of Rock Damage Identification and Prediction Based on Deep Learning	200-205
