

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 12 ~ Issue : 03 ~ Ser. 2

p-ISSN : 2320-9356

## Contents :

Analysis of the "Loyal Wingman" Technology of UAV Cooperative Operation	120-124
Research Status of Amine-Based CO2 Capture Technology	125-129
Structural improvement and experimental verification of a horizontal single tube heat transfer performance test bench	130-136
Study on the effect of microbial induced calcium carbonate precipitation on improving the damage of desert soil wind erosion	137-142
Multimode Inverter Control Strategy for LVRT Capability Enhancement In Grid Connected Solar PV System	143-155
PulseRx: Empowering Rural Pharmacies with a PHP and MySQL-Driven Healthcare Ecosystem	156-163
Customer Data Fraud: A Rule Engine Perspective	164-168
Fraud in Insurance Industry: Challenges and Opportunities	169-173
Progressive Web App (PWA): Optimal Strategies & Challenges	174-180
A Study to Assess the Knowledge on Iron deficiency and Anemia among Adolescent girls at selected Nursing College, Indore, Madhya Pradesh	181-184
Deciphering the Enigma of Respiratory Syncytial Virus (RSV): Comprehending its Influence and Progress in Therapy	185-189
Study on freeze-thaw coupling properties of chlorine salt with cracked ultra-high performance concrete	190-201
A Simulation Model for Series Double Evaporation Temperature Air Conditioning Units Using Simulink	202-207
Prevalence of Schistosoma haematobium Among Patients Attending General Hospital Mubi	208-211
Analysis and Research on the Characteristics of Mountain and Water System in Fengyang Ancient City	212-220
