

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 12 ~ Issue : 06 ~ Ser. 2

p-ISSN : 2320-9356

Contents :

Quantum Mechanics and Consciousness	120-123
Performance of IROKO and OMO Cross Laminated Timber in Coastal Environmental Conditions	124-128
RAG Models: Integrating Retrieval for Enhanced Natural Language Generation	129-138
Performance Measures of Power Generation Systems	139-151
Dacryoadenitis in SLE	152-153
Surfactant micelle, their Impact on Reaction system and Applications	154-158
Risk Assessment on High-tech Projects Considering the Interactive Impact of Risk Factors: a fuzzy BWM-HCI method	159-179
Consumer Behavior towards Online Shopping	180-192
Analysis of Thermal Comfort in the Environment of a Tourist Guide Classroom in Central Taiwan	193-198
Research on the Forecasting of China's Import and Export Trade Situation--Based on VAR Analysis and ARIMA Model	199-207
Electrocoagulation with iron and aluminum electrodes in a continuous reactor for COD removal in the effluent of an industrial wastewater treatment plant: A water reclamation approach	208-216
E-Asset & Tendering Management System	217-225
Numerical Simulation of Infiltration and Runoff in Permeable Pavement under Torrential Rain	226-232
Growth enhancement of Mat bean using In-vitro induction method by Naphthalene acetic acid	233-236
Analysis of Learning Motivation of English Majors Based on SPSS: A Case Study of Panzhuhua University	237-248
Comparative study of total milk protein and Casein content in different animals	249-250
