

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 12 ~ Issue : 07 ~ Ser. 2

p-ISSN : 2320-9356

## Contents :

Integrated Generator-Rectifier System for MPPT in Wind Turbine	107-113
Analysis Of The Use Of The Number Of Spark Plugs With Variations In Spark Plug Types On Exhaust Emissions Of A 150 Cc Single-Cylinder Gasoline Motor	114-120
Determination of Rock Slope Stability Using Analysis of Slope Rock Characteristics on Buluri Road, Palu City, Central Sulawesi, Indonesia	121-127
Analysis of the Effect of Hydrocarbon Crack System Catalyst Pipe Length Variation on Gasoline Motor Exhaust Gas Emissions	128-132
Investigating the Influence of Teaching English through Translation in EFL Classrooms: Students Views	133-141
Mathematical Modelling of Diphtheria Transmission Dynamics for Effective Strategies of Prevention and Control with Emphasis on Impact of Vaccination and Waning Immunity	142-153
Power Generation Expansion Planning in Nigeria: A Goal Programming Approach	154-164
Factors Influencing the Success of E-Tendering Implementation (Case Study in Parigi Moutong Regency, Central Sulawesi Province)	165-174
Challenges of digital transformation: Evidence from Vietnamese enterprise	175-182
Influences of Induced Magnetic Field and Velocity Slip on Hybrid Nano Fluid on a Stretching Wedge with Variable Heat Source	183-194
Using Machine Learning to Achieve Cyber Security Requirements: A Comprehensive Review of Thwarting cyber-attacks in real time	203-213
Application of Artificial Intelligence in the analysis of cardiovascular disease and its drug design	214-224
Framing Analysis of Polri Image on The Reporting of The Murder Case of Brigadir Nopriansyah Josua Hutabarat In Media Koran.Tempo.Co	225-236
Investigating and improving the resistance of concrete structures against earthquakes (case study: Tabas fault, Iran)	237-241
Optimizing Bus Stop Accessibility for People with Disabilities in Makassar through Kansei Engineering	242-245
An analytical study of urban expansion on the impacts of land use – land cover dynamics – A case study on Barasat Sub-division, North 24 Pargana	246-262
Study on the Current Situation of Industrial Output and Countermeasures of Ningxia Wolfberry in China-Africa Expo	263-269
