

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 12 ~ Issue : 08

p-ISSN : 2320-9356

Contents :

Development of software to support learning for people with Down Syndrome	01-08
Streamlining Cloud Deployments: The Power of Terraform and Google Deployment Manager in Error Reduction	09-14
Perception of User Satisfaction with Online Taxibike Service Quality with Structural Equation Modeling Method	15-24
Investigation of Proximate Screening on Leaves of Heteropogon contortus (L.) by Green Method	25-26
Raja Rao: In Search of Myth and Feminism: A Study of His Selected Works	27-29
Norman Mailer: In Search of Sociable Man: A Study of His Selected Works	30-32
The Effect Of Use Of Video Conferences On The Level Of Employee Communication Satisfaction During The Covid-19 Pandemic (Case Study of PT. Grapari Telkomsel Branch Palu)	33-36
Diabetic Retinopathy and Glaucoma Diagnosis using Deep Learning Algorithms	37-40
Application of Artificial Intelligence (AI) in the Analysis and Computer Aided Drug Design (CADD) of Lung Cancer	41-51
Communication and Learning: Transforming Elements	52-58
Enhancing Photosynthetic Efficiency and Carbon Capture in Algae Through Targeted Rubisco Mutations: A Theoretical Approach	59-61
Study of Physico-Chemical Parameter of Soil Analysis in Burhanpur District	62-65
Current situation and countermeasures of unbalanced development of urban and rural basic education in Hejiang County	66-69
An Analysis of the Effectiveness of Personalised Recommender Systems in Movie Recommendation	70-74
Chronic Kidney Disease Stage Identification in HIV Infected Patients Using Machine Learning	75-82
