

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 13 ~ Issue : 01

p-ISSN : 2320-9356

Contents :

Evaluating the Effects of budget Caps on Formula 1 Team Expenditures and Competitive Results	01-06
Design of Hydraulic Scissors for Block Lifting and Associated Loads	07-22
Integrated Curriculum Development Model Islamic Religious Education At Pondok Pesantren Muhammadiyah An-Nur Sidoarjo	23-34
An Exploration of Visitor Activity and Public Space Utilization in Taman GOR at PALU City	35-43
Discrete time Markov renewal process	44-49
Infrastructural Planning Development Projects Realized from Forest Royalties in Eyumojock Sub-Division, South West Region of Cameroon	50-60
Evaluating Autonomous Vehicle Companies' Strength — An Analytic Hierarchy Process Approach	61-66
Real Teaching Practices of English Phrasal Verbs to University EFL Students	67-71
Instructors' Views on Obstacles and Challenges of Teaching English Phrasal Verbs to University EFL Students at Prince Sattam bin Abdulaziz University, KSA	72-77
Feasibility of electrocoagulation method in reducing the pollution load of petrochemical industry wastewater	78-87
An Introductory Overview of Quantum Field Theory	88-93
Performance Evaluation of Current Empirical Path Loss Models for 5G Communication Networks in Mid-Band Spectrum of 3.5 Ghz	94-104
Principles of Bioclimatic Architecture in the Tropics Case Study: Mesiniaga Tower	105-114
Evaluating personal information security based on analytic hierarchy process	115-121
Development of Pregnancy Complication Detection Application Using Artificial Intelligence	122-128
