# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 14 ~ Issue : 01 ~ Ser. 2

p-ISSN : 2320-9356

## Contents :

CWMS: Centralized Warehouse Management System	126-130
Trip Management System	131-136
Mobile Readiness of the U.S. Private Universities	137-146
Attention Companion App: Computer Vision-Based Real Time Study Focus Monitoring System with Automated Multi Stakeholder Alerts	147-157
Smart Labor-Contractor Job Matching Platform Using Web-Based Technologies	158-160
An Efficient and Lightweight Chaotic Function with Key Exchange Protection for Man in the Middle Attack in Mobile Ad-hoc Networks (MANET)	161-172
Dynamics and Hysteresis of Unfrozen Water Content in Soils During Freeze-Thaw Cycles: A Review	173-195
Information Overload and Academic Achievement: A Structural Equation Modeling Approach	196-203
Layers in Generative Grammar: Chomskian infinite set of grammatical sentences as a discrete/fuzzy subtext of GG theory	204-206
Analysis of the article “Prayer/“Prayer” Duality research applied to German”	207-211
Diazotization-Based Chromogenic Detection of Pendimethalin on TLC Plates	212-214
A Decentralized Federated Ensemble Deep Learning Model Framework for Detection of Plant Diseases	215-222
Investigation on effects of Machining Parameters on Electrical Discharge Machining of SKD11 Tool Steel Using Titanium Electrodes	223-226
ATM Interface Simulation	227-230
RAIG - JAVA: Operationalizing Responsible AI Governance through a Modular Java Framework for Decision-Level Guardrails	231-237

Peer Reviewed Refereed Journal
