

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 9 ~ Issue : 11 ~ Ser. : 3

p-ISSN : 2320-9356

## Contents :

Factors Affecting Timely Project Completion of Public Construction Projects in Rwanda: Case of Ngoma-Ramiro Road Upgrading Project	01-06
Review on Nutritional Profiles and Health Benefits of Little Millets – India	07-11
The Efficiency Increase of Electrostatic Precipitators and Reducing Their Dimensions and Metal Consumption	12-20
Crowd Management System With Gene Expression Programming	21-28
Finger Vein Recognition System-A Review	29-34
Proof of a multivariate symmetric inequality by local majorization method	35-40
Heating Solution	41-46
Voice to Gesture Converter Using Internet of Things	47-50
Present and future trends of live streaming commerce in the operations management: A structured literature review	51-57
Comparative Analysis of Different Gene Prediction Algorithms	58-65
Electric and Magnetic Properties of Synthesized Ni-Cu-Zn Ferrites	66-70
Study on the possibility to use ashes from coal power stations for production of construction ceramics	71-76
Occupational Stress And Coping Styles Among Women Employees Working In Bengaluru City	77-80
