

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 9 ~ Issue : 6 ~ Ser.-2

p-ISSN : 2320-9356

## Contents :

Speech Encryption Using Meitei Lock Sequence Generated from Standard Hash Functions	01-09
Detection of Fire Regions Using RGB Color Variance	10-14
Secure Encrypted Medical Health Record Sharing In Cloud Using Duplicate Storage System	15-19
Portable Voice Recognition with GUI Automation	20-23
Autonomous Car using Lane Detection	24-27
Electro-Magnetic Cruise control System	28-33
Submitted for the Requirement of the Award for degree of MASTERS OF LAW	34-36
Block Cyberbullying Words Using Short Text Classification In Online Social Networks	37-51
Impact of Over-utilisation of Electronic Gadget on Student Health: An Appraisal	52-58
Finite Element Analysis of RC Beam Subjected To Corrosion – A Review	59-63
Prediction of Campus Placement Using Data Mining Algorithms -Random forest, j48 and REPTree	64-69
Active Headlight Steering Control with Brightness Control	70-73
Bamboo as a Building Material	74-75
Preamble and Introduction of IoT and Applications	76-79
