

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 9 ~ Issue : 6 ~ Ser.-6

p-ISSN : 2320-9356

Contents :

Six Minute Walk Test in Pre and Post Operative Assesment of Patient under Going Abdomen Surgery	01-03
IoT Based Greenhouse Environment Monitoring and Controlling Using Arduino	04-09
Electromagnetic Engine	10-13
R-Posterior Control Charts for Process Variation	14-33
Electronic Jacket using Arduino for a Person Working in Extreme Weather Condition	34-37
Movable Road Divider For Organised Vehicular Traffic Control With Monitoring Over IoT	38-41
Disease Prediction of Pomegranate using Data Mining	42-46
Design & Analysis of Loop wheel Bicycle	47-52
Experimental Study on Foam Concrete	53-58
Study on Rhizospheric Bacterial Exopolysaccharide and Its Application in Plant Growth Promoters and Antimicrobial Activity	59-66
Voice based intelligent virtual assistance for windows	67-70
Synthesis, spectra and electrochemistry of isomeric dichlorobis [1-methyl-2-(13Cl-naphthyl-7-azo)imidazolium]osmium(II):	71-78
A Survey Paper on Blockchain Technologies in Supply Chain Management	79-86
Automatic Water Level Controller	87-91
