

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 9 ~ Issue : 7 ~ Ser.-10

p-ISSN : 2320-9356

## Contents :

Reuse and Application of Scrap Tyres in Civil Engineering	01-03
Digital health care system for medical report/ certificate sharing	04-10
Analysis and Design of G+ 10 Apartments Building Using Staad Pro	11-16
The Implementation Status of E-Procurement in Government Sector. A Case Study on Department of Urban Development and Building Construction (DUDBC), Nepal	17-40
Smart Hospital Cleaning and disinfecting robot using IOT	41-43
Design and Fabrication of Multi-purpose Sieving Machine	44-49
Non-Destructive Testing On RCC Structure	50-55
The Simple and Efficient Synthesis of Fused Hydroxy Pyrimido Pyrimidine Dinitrile Heterocycles and Its Derivatives	56-60
Virtual Talking System without Sensor Image Application for Human Interface Technology	61-67
Design of AUSHADHI –a Medical Chatbot	68-72
Computational Analysis of Natural Gas Fired Power Generation System	73-76
Temporal analysis of Normalised Differential Built up Index and Land Surface Temperature and its link with urbanisation: A case study on Barrackpore sub-division, West Bengal	77-83
