p-ISSN : 2320-9356

Contents :

Kandari's Formula: a short and easy way to calculate mean of grouped-data	01-06
Seismic Analysis of RCC Structure with Various Types of Bracing System Using ETABS for Different Seismic Zone	07-09
Remote Monitoring And Control Unit Of Solar Photo Voltaic Plant Using Iot	10-13
Seismic Performance of Combined Grid System on Tall Structures with Irregularity Condition	14-28
Review on weathering action resistance of fly ash based self compacting concrete using silica fume and quartz sand	29-32
A Review on Plastic Pyrolysis	33-37
Time History Analysis and Design of Multistoreyed Building	38-43
Finding the Most Profitable customer using CLV	44-50
Routing Protocols in Manet: A Survey	51-57
A Review on Performance of Utilization of Granite Waste In A Fly Ash Based Self Curing Concrete	58-60
Zero Voltage Switching Technology	61-67
A Study on the Phytochemical and Antibacterial Properties of Three Selected Ferns	68-73
One Pot Solvent Free Synthesis of Curcumin and Analogues Using Vitamin B1 as an Efficient Catalyst	74-77
Green Residency- A Contribution to Sustainable Development	78-81
