p-ISSN : 2320-9356

Contents :

Performance Behavior of RCC Structure Under Cycling Pushove Load	01-04
Designing Synthesis and Biological Evaluation of Pyridazinone Derivatives	05-10
Improvement of Compressive strength of pervious Concrete	11-13
Low Power Health Monitoring With Active Personal Assistance Based Upon IOT	14-19
Optical Character Recognition using Natural Images based on Res Net 50 Pre-trained model with Data Augmentation	20-27
Morphometric Analysis of Wazure and Lasina Watersheds of Godavari River Basin, Parbhani District (Maharashtra) using Geographical Information System	28-36
Design and Analysis of Interleaved Fly-back Inverter Topology for PV Applications	37-44
The tangible approach of the divinity of Indo -Islamic architecture in India	45-47
Rainfall and dry spell analysis for Wardha district	48-51
Intelligent Organic Vegetable Farming using Automatic Monitoring System	52-56
An Outline for Network Security	57-59
Pharmaceutical, Pharmacological Activities, And Therapeutic Potential of --“Flaxseed” –A Review	60-64
Spatial Planning for Flood and Landslide: A Case of Nilambur	65-81
